

CUSTOM PEW CUSHIONS FOR EXISTING WOOD PEWS

Custom-fitted upholstered cushioning or hand-sewn loose cushions can transform aging wood pews into beautiful, comfortable seating for your congregation.

Loose 2" thick
reversible cushion

Fixed Cushioning

Fixed cushioning can be designed and custom made for installation on your existing wood pews. Backs as well as seats can be upholstered to provide enhanced comfort while significantly extending the life of your pews.

Imperial's fixed back cushioning features our unique lumbar cushion for additional support. Once installed, fixed cushioning is easy to clean and can be quickly removed for later reupholstery.

Reupholstery of existing padded pews is our specialty. Please contact our office for prices and information.
